

Vision Vs. Medical Plans

If my eye doctor determines I am at risk of an eye disorder or eye disease:

- I will be made aware when additional testing and evaluation is necessary to manage my eye health and sight.
- Any testing for my benefit will be billed to my medical health insurance.
- I am aware co-payments and co-insurance are my responsibility at the time of service.

I understand:

- **Eagle River Vision Clinic** will submit both vision and medical claims when appropriate in order to maximize my benefits.
- Both my vision plan and medical insurance may have co-pays and deductibles, which are due at the time of service.
- For initial treatment and any prescribed follow-up treatment, my vision plan or medical health insurer determines the co-pay, co-insurance or deductible due and payable at time of service for each visit.
